CARLOS EDUARDO SANTIAGO

RESUME

I am a highly-qualified economist and I am currently studying for my Higher Diploma in Computing at Dublin Institute of Technology - DIT. At DIT, I am building a foundation of strong object oriented programming (OOP) and database management. My main OOP language is Python and I am open to code in other languages such as Java, C# and C++. I have 4 years of experience in an investment banking firm in Brazil, including 18 months of experience as Data Analyst using advanced Excel and VBA by writing so-called macros.

KEY SKILLS/ KNOWLEDGE

- Python
- SQL
- Html, CSS and JavaScript
- Advanced Excel and VBA (including work experience)
